

BellaWOOD

NOW WITH A CERTIFIED 100 YEAR TRANSFERABLE WARRANTY*

More Durable. Now Transferable. Now 100 Years.

• Transferable for a Smarter Investment

Replacing that dingy carpet with a beautiful Bellawood floor not only enhances your home's value, but because of its industry leading transferable warranty, it's also a great selling feature when the time comes.

• Proven Durability Backed for 100 Years

We take each hand-selected board and apply our innovative UV-cured aluminum oxide finish for unequalled scratch resistance that's now warranted for a full 100 years.

• Tested to be the Best

To ensure the finish meets life's demands we subject our floors to an industry sandpaper abrasion test, known as Taber Testing. And our durability results are more than double most comparably priced floors.

*For a copy of the warranty, visit Bellawood.com or call 1-800-254-0181. Copies also available wherever Bellawood is sold.

Ash

Brazilian Chestnut

American Walnut

"I liked the quality of Bellawood floors so much, I installed it in my own home."

Bob Vila
Home Improvement Expert

Extraordinary Craftsmanship

Attention to every detail comes with every Bellawood Prefinished Hardwood Floor. It's crafted from only **the finest hand-selected wood** and is meticulously inspected before and after the finishing process. In fact, our quality control engineers walk more than 12 miles a day during production to ensure your Bellawood floor brings a lifetime of beauty and warmth to your home.

Untouched Natural Beauty

It's wood as nature intended. From the stunning lightness of Ash, to the unique coloring of Purple Heart, to the captivating chocolate hues of American Walnut—**the beauty you see in a Bellawood floor is unstained and unspoiled.** And to preserve its natural beauty, we finish each board with a clear, durable coat so your Bellawood floor stays breathtaking for decades to come.

An Extensive Selection

With **a finish that's guaranteed for 100 years**, this may be the last floor your home ever needs. Choose from solid or engineered, domestic or exotic, American Cherry to Bolivian Rosewood and more—all available in an array of widths and grades to make an ordinary room extraordinary.

Your new floor is waiting. Visit www.bellawood.com today.
